Notice of Incomplete Claim Submission

Dear Claimant:

We received the Proof of Claim and Release Form (“Claim”) that you submitted in connection with the TaskUs Securities Litigation. We reviewed your Claim and have determined that it either has curable deficiencies or is ineligible for the reason(s) identified below. In order to resolve the condition(s) within your Claim, you must submit a written response (with any required documentation), as specified below, postmarked no later than 20 days from the date of this notice. Your response deadline is printed at the top of this notice. Please include a copy of this notice with your response. **If you fail to respond by the deadline set forth above or if your response fails to cure the condition(s) identified below, this Claim will be rejected to the extent that those conditions remain uncured. PLEASE NOTE: This is the only notice you will receive with respect to this Claim.**

[DP]
Reason for Ineligibility: Duplicate Claim.

This Claim has been identified as a duplicate of the following Claim (the “Primary Claim”) and is therefore rejected. The Claim Number of the Primary Claim is as follows:

<<Primary Claim #>>

The Primary Claim is being processed separately, and you will be notified by a separate letter if that Claim is found to be deficient.

How to Resolve: If you agree that this Claim is a Duplicate Claim, no action is needed from you. If you believe this Duplicate Claim is not a Duplicate Claim, you must send a letter explaining why you believe it is not a Duplicate Claim along with acceptable documentation to support your position. If you acknowledge that this is a Duplicate Claim, but you wish for it to be the operative claim (*i.e.*, you want to switch which Claim is marked as duplicate and which Claim is marked as the Primary Claim), you must submit a signed letter from the beneficial owner stating that the Duplicate Claim should be considered as the Primary Claim and that the Primary Claim should be withdrawn as duplicative.

PLEASE NOTE: Regardless of which Claim you elect to be the operative Claim, that Claim must satisfy all the requirements for eligibility. Any other deficiencies noted with respect to the Claim must be cured, and the Claim must calculate to a Recognized Loss under the Plan of Allocation in order for you to be eligible to receive a distribution.

[PO]
Reason for Ineligibility: No Purchases/Acquisitions within the Class Period (*i.e.*, No Eligible Transactions)

This Claim did not contain any eligible purchases/acquisitions of TaskUs common stock dated between June 11, 2021 and January 19, 2022, inclusive.

Note: The Claim Form requested all purchases/acquisitions from June 11, 2021 through May 5, 2022, inclusive, but only purchases/acquisitions through January 19, 2022 are constituted as within the Class Period.

How to Resolve: If you have additional purchases/acquisitions of TaskUs common stock during the Class Period that were not included in your original Claim, please submit those additional trades and include acceptable supporting documentation. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

PLEASE NOTE: Curing this condition of ineligibility is an absolute requirement in order for your Claim to be eligible to participate in the Settlement. If you have other deficiencies and cure them, your Claim still will not be eligible, even for "partial acceptance," unless this deficiency is cured. Once you resolve this condition of ineligibility, your Claim must calculate to a Recognized Loss under the Plan of Allocation in order for you to be eligible to receive a distribution.

[SG]
Reason for Ineligibility: Missing Signature. (This is a curable deficiency.)

This Claim is missing a signature. All Claims must be signed by an owner, co-owner, joint tenant, custodian, agent, executor, administrator, guardian, and/or trustee.

How to Resolve: You can resolve this condition of ineligibility by signing below and returning this notice to the Claims Administrator by the Response Deadline. If you purchased/acquired the TaskUs common stock jointly, all owners must sign. If one of the beneficial owners is deceased, you must provide a copy of the death certificate. If you submitted the Claim on behalf of another party (for example, as trustee, executor, power of attorney, etc.), you must provide proof of authority to legally act on the beneficiary's behalf. Your signature(s) below will be treated as an execution of your previously submitted Claim and your affirmation of the Release, Representations, and Certification contained on page 6 of the Claim.

Under penalty of perjury, I (we) certify that all of the information provided by me (us) on the Claim previously submitted is true, correct, and complete and that the documents submitted with the Claim and/or herewith are true and correct copies of what they purport to be.

PLEASE NOTE: Curing this deficiency is an absolute requirement in order for your Claim to be eligible to participate in the Settlement. If you have other deficiencies and cure them, your Claim still will not be eligible, even for "partial acceptance," unless this deficiency is cured. Once you resolve this condition of ineligibility, your Claim must calculate to a Recognized Loss under the Plan of Allocation in order for you to be eligible to receive a distribution.

[ZR]
Reason for Ineligibility: No Recognized Loss.

In accordance with the Court-approved Plan of Allocation set forth in the Notice (which is available on the Settlement Website), this Claim does not calculate to a Recognized Loss and therefore is not eligible to receive a distribution from the Net Settlement Fund. Please be aware that Recognized Loss is not the same as market loss. It is possible to have a market loss, in which you experience a loss in value of your stock, and still have no Recognized Loss under the Plan of Allocation. In addition, if you had an overall market gain from your transactions in U.S.-traded TaskUs common stock during the Class Period, your Recognized Loss is $0.00.

How to Resolve: Unless you had additional transactions in TaskUs common stock during the Class Period (i.e., between June 11, 2021, through January 19, 2022, inclusive) that are not reflected in your Claim, this is NOT a curable deficiency. If you have additional eligible transactions of TaskUs common stock during the Class Period that were not included in your original Claim, please submit those additional trades and include acceptable supporting documentation. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

PLEASE NOTE: Curing this condition of ineligibility is an absolute requirement in order for your Claim to be eligible to participate in the Settlement. If you have other deficiencies and cure them, your Claim still will not be eligible, even for "partial acceptance," unless this deficiency is cured. Your Claim must calculate to a Recognized Loss under the Plan of Allocation in order for you to be eligible to receive a distribution.

[BL]
Curable Deficiency: Trade Discrepancy/Claim Does Not Balance.

There is a discrepancy between the number of shares of TaskUs common stock you reported to have purchased/acquired and/or sold, and the number of shares/contracts held at the beginning of the Settlement Class Period (June 11, 2021) and at the end of the 90-Day Look-Back Period (May 5, 2022).

How to Resolve: You must provide any missing transactions, missing beginning or unsold holdings, or adjustments to your Claim so that it correctly balances. You must also support any additional transactions with acceptable documentation. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

PLEASE NOTE: If you fail to respond, or to the extent your response fails to cure the deficiency identified, the transaction(s) that relate to the discrepancy will be rejected according to First-In, First-Out ("FIFO") matching, and the transaction(s) will not be considered in the calculation of your Claim's Recognized Loss pursuant to the Plan of Allocation. Your Claim will still be processed to the extent otherwise eligible as a partial Claim.

The formula used to calculate the discrepancy is as follows: Shares Held at the Beginning of the Settlement Class Period + All Shares Purchased or Acquired – All Shares Sold or Delivered – Unsold Shares as of May 5, 2022. This calculation should equal zero for a Claim to properly balance if all transactions and holdings have been accurately reported. The discrepancy in your Claim is displayed below.

Quantity	Type of Transaction	Type of Security
QUANTITY	TYPEOFTRANSACTION	TYPEOFSECURITY

[MR]
Curable Deficiency: Missing Information.

The documentation that you submitted with your Claim does not include some or all of the required information for the transaction(s) listed in the chart below.

How to Resolve: For a transaction to be considered in your Recognized Loss calculation, you must submit genuine and sufficient documentation for that transaction. To cure this deficiency, you must provide acceptable documentation that includes all the required information for the transaction(s) listed below. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

PLEASE NOTE: If you fail to respond, or to the extent your response fails to cure the deficiency identified for a given transaction below, the transaction(s) will be rejected, along with any corresponding transaction(s), according to First-In, First-Out ("FIFO") matching, and the transaction(s) will not be considered in the calculation of your Claim's Recognized Loss pursuant to the Plan of Allocation. Your Claim will still be processed to the extent otherwise eligible as a partial Claim.

The specific transaction(s) for which you must submit complete documentation is (are) listed below.

Date	Quantity	Price per Share	Type of Transaction	Type of Security
DATE	QUANTITY	PRICEPERSHARE	TYPEOFTRANSACTION	TYPEOFSECURITY

[RC]
Condition: Received Shares/Transfers.

You listed transactions on your Claim that are presented or identified as transfers of securities into your account and not open-market transactions.

How to Resolve: While inclusion of transfers into your accounts is necessary for your Claim to balance, those shares will not be factored into the calculation of your Recognized Loss under the Plan of Allocation unless you provide documentation regarding the initial purchase of those shares during the Class Period. Specifically, if the shares identified below were purchased between June 11, 2021, through January 19, 2022, inclusive, you must submit acceptable supporting documentation that shows the purchase.

PLEASE NOTE: If you do not respond, the transferred shares, along with any corresponding purchase transaction(s) according to First-In, First-Out ("FIFO") matching, will not be considered in the calculation of your Claim's Recognized Loss pursuant to the Plan of Allocation. Your Claim will still be processed to the extent otherwise eligible as a partial Claim.

The specific transaction(s) for which this information is required is (are) listed in the chart below.

Date	Type of Security	Type of Transaction	Quantity
DATE	TYPEOFSECURITY	TYPEOFTRANSACTION	QUANTITY

[EN]
Curable Deficiency: No Proof of Unsold (Ending) Holdings.

Your Claim indicates that you may have held TaskUs common stock as of the close of trading on May 5, 2022; however, you did not provide any documentation showing your unsold (ending) holdings.

How to Resolve: You must provide acceptable documentation for holdings as of the close of trading on May 5, 2022. Acceptable documentation will show the possession of the TaskUs common stock on or after this date or the sale of the TaskUs common stock after this date. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

The specific transaction(s) for which this information is required is (are) listed in the chart below.

Date	Type of Security	Type of Transaction	Quantity
DATE	TYPEOFSECURITY	TYPEOFTRANSACTION	QUANTITY

[DV]
Condition: Transfers Out.

You listed transactions on your Claim that are presented or identified as transfers out of your account (also called a "free delivery") prior to the close of trading on May 5, 2022.

How to Resolve: While inclusion of transfers out of your accounts is necessary for your Claim to balance, those shares will not be factored into the calculation of your Recognized Loss under the Plan of Allocation unless you provide documentation regarding the **final disposition** of those shares after they were transferred out of your account. Specifically, if the shares identified below as a "Transfer Out" were sold prior to the close of trading on May 5, 2022, you must submit acceptable supporting documentation that provides the following information regarding the final sale transaction: Date of Sale, Sale Price per Share, and Total Sale Price. If the shares were not sold prior to the close of trading on May 5, 2022, and therefore were held as of the close of trading on that date, you need only submit acceptable documentation demonstrating that those shares were held as of that date.

PLEASE NOTE: If you do not respond, the transferred shares, along with any corresponding purchase transaction(s) according to First-In, First-Out ("FIFO") matching, will not be considered in the calculation of your Claim's Recognized Loss pursuant to the Plan of Allocation. Your Claim will still be processed to the extent otherwise eligible as a partial Claim.

The specific transfer transaction(s) for which additional information is required is (are) listed in the chart below.

Date	Quantity	Type of Transaction	Type of Security
DATE	QUANTITY	TYPEOFTRANSACTION	TYPEOFSECURITY

[MD]
Reason for Ineligibility: Inadequate Documentation.

This Claim contains purchases/acquisitions of TaskUs common stock during the Class Period, but none of the documentation previously provided was deemed adequate.

How to Resolve: You can resolve this condition of ineligibility only by submitting acceptable documentation to support your Claim, including all of the transactions and holding amounts set forth in the Claim. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.) Please note: Do not merely resubmit the same documentation, as it was deemed deficient. You will need to provide additional documentation to cure the deficiency in your Claim.

PLEASE NOTE: Curing this condition of ineligibility in its entirety or in part is an absolute requirement in order for your Claim to be eligible to participate in the Settlement. If the deficiency is only cured in part, the Claim will be calculated based on the transactions for which acceptable documentation was submitted. If you have other deficiencies and cure them, your Claim still will not be eligible, unless this deficiency is cured at least in part and, to the extent that it is cured, it calculates to a Recognized Loss under the Plan of Allocation.

[ZD]
Curable Deficiency: No Recognized Loss Unless Defects Are Cured.

In accordance with the Court-approved Plan of Allocation set forth in the Notice (which is available on the Settlement Website), the Claim referenced above does not calculate to a Recognized Loss due to certain defects listed in this letter and therefore is not eligible to receive a distribution from the Net Settlement Fund. Please be aware that Recognized Loss is not the same as market loss. It is possible to have a market loss, in which you experience a loss in value of your shares, and still have no Recognized Loss under the Plan of Allocation. In addition, if you had an overall market gain from your transactions in U.S.-traded TaskUs common stock during the Class Period, your Recognized Loss is $0.00.

How to Resolve: You can resolve this condition of ineligibility by resolving the other defects listed in this letter and/or by submitting additional transactions in TaskUs common stock during the Class Period that were not previously reflected in your Claim and that make your Claim calculate to a Recognized Loss. You must also support any additional transactions with acceptable documentation. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

PLEASE NOTE: Your Claim must calculate to a Recognized Loss under the Plan of Allocation in order for you to be eligible to receive a distribution.

[PR]
Curable Deficiency: Partial Documentation.

You either did not supply documentation to support some of the transactions and/or holding positions listed on your Claim, or the documentation that you submitted with your Claim does not include some or all of the required information for the transaction(s) and/or holding positions listed in the chart below.

How to Resolve: All transactions and holding positions in your Claim must be properly documented. For a transaction and/or holding position to be considered in your Recognized Loss Amount calculation, you must submit genuine and sufficient documentation to support them. To cure this deficiency, you must provide acceptable documentation for the transaction(s) and/or holding positions listed below. Specifically, the supporting documentation for each transaction must reflect the purchase/sale date, the number of shares, and the price paid/received. For the ending holding, the supporting documentation must show the number of shares of common stock held as of May 5, 2022, or the disposition after that date. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.)

PLEASE NOTE: If you fail to respond, or to the extent your response fails to cure the deficiency identified for a given transaction or holding position listed below, the transaction(s) or holding position will be rejected, along with any corresponding transaction(s), according to First-In, First-Out ("FIFO") matching, and the transaction(s) will not be considered in the calculation of your Claim's Recognized Loss Amount pursuant to the Plan of Allocation. Your Claim will still be processed to the extent otherwise eligible as a partial Claim.

The specific transaction(s) for which you must submit complete documentation is (are) listed below.

DATE	QUANTITY	PRICEPERSHARE	TYPEOFTRANSACTION	TYPEOFSECURITY

[ND]
Reason for Ineligibility: No Acceptable Documentation (Missing or Inadequate Documentation). This is a curable deficiency.

This Claim did not include any documentation to support the Claim, or the documentation previously provided was deemed inadequate.

How to Resolve: You can resolve this condition of ineligibility by submitting acceptable documentation to support your entire Claim, including all of the transactions and holding amounts set forth in the Claim. Please note that the Settlement encompasses only purchases/acquisitions in TaskUs common stock. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation. (Self-generated documents are not acceptable.) Please note: If you previously submitted documentation with your Claim, please do not merely resubmit the same documentation, as it was deemed deficient. You will need to provide additional documentation to cure the deficiency in your Claim.

PLEASE NOTE: Curing this condition of ineligibility is an absolute requirement in order for your Claim to be eligible to participate in the Settlement. If you have other deficiencies and cure them, your Claim still will not be eligible, even for "partial acceptance," unless this deficiency is cured. Once you resolve this condition of ineligibility, your Claim must calculate to a Recognized Loss under the Plan of Allocation in order for you to be eligible to receive a distribution.

[IS]
Condition: Ineligible Securities Claimed

This Claim contained one or more transactions that were not TaskUs common stock.

How to Resolve: If the transaction(s) listed below is, in fact, a trade involving TaskUs common stock, you must submit genuine and sufficient documentation for that transaction as proof. Acceptable documentation includes securities brokers' confirmation slips, month- and year-end account statements, or similar documentation (self-generated documents are not acceptable).

PLEASE NOTE: If you fail to respond, or to the extent your response fails to cure the deficiency identified for a given transaction below, the transaction(s) will be rejected, and the transaction(s) will not be considered in the calculation of your Claim's Recognized Loss amount pursuant to the Plan of Allocation. Your Claim will still be processed to the extent otherwise eligible as a partial Claim if you had other valid transactions.

The specific transaction(s) marked as ineligible securities is (are) listed below.

Date	Quantity	Price per Share	Type of Transaction	Type of Security
DATE	QUANTITY	PRICEPERSHARE	TYPEOFTRANSACTION	TYPEOFSECURITY

[PA]

Reason for Ineligibility: Missing Proof of Authority.

This Claim is missing proof of authority and/or capacity of the person who signed on behalf of the beneficial owner.

How to Resolve: If you submitted the Claim on behalf of another party (for example, as trustee, executor, power of attorney, etc.), you must provide proof of authority to legally act on the beneficiary's behalf.

PLEASE NOTE: Curing this deficiency is an absolute requirement in order for your Claim to be eligible to participate in the Settlement. If you have other deficiencies and cure them, your Claim still will not be eligible, even for "partial acceptance," unless this deficiency is cured. Once you resolve this condition of ineligibility, your Claim must calculate to a Recognized Claim under the Plan of Allocation in order for you to be eligible to receive a distribution.

[OF]

Informational Condition: Shares Purchased In or Traceable to the October 20, 2021 SPO

This Claim contained one or more transactions that were marked as purchased in or traceable to the October 20, 2021 SPO. However, the purchase date is not between October 20, 2021 and October 25, 2021 (inclusive) and/or the purchase price is not $63.50.

How to Resolve: If one of the transactions listed below are, in fact, purchased in or traceable to the October 20, 2021 SPO, you must submit genuine and sufficient documentation of that transaction's traceability to the SPO. Otherwise, your transaction(s) will still be included in the Recognized Loss calculation but not as traceable to the SPO.

PLEASE NOTE: If you fail to respond, or to the extent your response fails to identify the transaction(s) as traceable to the October 20, 2021 SPO, the transaction(s) will be considered in the calculation of your Claim's Recognized Loss amount pursuant to the Plan of Allocation, but they will not be calculated as traceable to the SPO. Your Claim will still be processed to the extent otherwise eligible.

The specific transaction(s) referenced with this condition is (are) listed below.
